

Using the iPad 2 !

Cool Functions & Helpful Applications

Tuesday, February 7 , 2012

6—8 PM

The Arc Common

20 Chapman Street, Greenfield, MA

Presenter Dale Gardner-Fox will describe the iPad 2 and its functions. She will share information about helpful applications that are available for download and will provide plenty of time for questions and answers.

IPads are useful tools for many individuals and are increasingly being used at school, in work settings and at home. If you are wondering if the iPad would be helpful to your family member or if you are new to using an iPad and want additional guidance join us for this workshop.

Individuals with disabilities, family members, friends and support persons are welcome to attend. Refreshments will be available.
